# In-Flight Galley Equipment

Made in INDIA - For the World

Advance Design | Tested and Certified  
Our designs speak for themselves, proven over the years.

# Containers

*“Fresh meals, flight after flight”*

Light Weight and Sturdy.

Our containers have been used by Airlines to serve fresh meals at cruising altitudes. Built with food-grade light weight material, they are optimized for insulation, hygiene, and perfect stacking.

As a design and manufacturing organisation, we offer custom sizing, branding, and compartment to fit your menu and service flow.

P/N	Product	Dimensions (mm)	Empty Weight
ACM-083	STANDARD CONTAINER	412 L x 278 W x 293 H	3.00 kg   6.61 lb

# Drawers

*“Organised at 35,000 feet”*

Ever wondered how the cabin crew manage the service efficiently at 35,000 feet?

Behind the scenes, our drawers keep everything in place – secure, organized, and easy to access. Light weight yet built to last, they support the crew handle the meal service seamlessly.

P/N	Product	Dimensions (mm)	Empty Weight
